Subject: RE: Draft Analytical Service request for Dimock

Carroll,
It was my understanding from discussing with Stevie Wilding last week that we (TechLaw) would submit the analytical request(s). Stevie prepared a draft and sent it to us early last week, but there have been numerous changes. I have prepared analytical requests for all the analyses that OASQA and other Regional EPA labs have agreed to do and another request for samples that Fred has arranged for NAREL to do.

We are waiting for the OSC to approve the draft analytical requests before we submit them. I'll cc everyone when I submit them.

We still aren't certain when the sampling will begin, but it could be as early as this Wednesday (Jan 11th).

Subject: Fw: Draft Analytical Service request for Dimock

Hi Gene and Happy New Year to You!!

I was out Thur/Fri last week and Dan was out on Friday. Luckily Stevie sent us the ARF and I opened it or we may not have received it. Fred hasn't sent anything in regard to the request.

I just wanted to ask you to please include Dan and myself on any of the upcoming ARFs, even if they are different. Don't want to miss a thing.

Have a happy day,

Carroll

I assume Fred has already forwarded this to you -- but just in case he has not.

Subject: Draft Analytical Service request for Dimock

Fred,
For review. This is the draft analytical services request which includes the parameters to be done by OASQA. I was waiting until we finalized the list of parameters to submit it. I received an e-mail from Stevie that the EPA Region 9 lab would be doing the DRO/GRO/Dissolved gases by RSK-175. I can add those to this draft or submit a separate request for the parameters to be done by Region 9.
